VICTOR HOLANDA, AICP  
DIRECTOR

**DATE:** June 6, 2005

**TO:** Subdivision Review Board

**FROM:** Ryan Hostetter; Planner *RH*

**SUBJECT:** SUB2003-00115 Bornino Parcel Map

**RECOMMENDATION:** Staff requests a continuance of parcel map SUB2003-00115

**BACKGROUND:** The proposed project was noticed for the June 6, 2005 Subdivision Review Board Hearing, and the notice for the environmental document went out at the same time. Since then, staff has received comments for the environmental document from Cal Trans dated May 3, 2005 which could possibly change the outcome of the environmental determination. Staff requests a continuance of this project "off calendar" in order to resolve the issues raised by Cal Trans with regards to the environmental document.
